

Falchi L, Ma H, Klein S, et al. Combined oral 5-azacytidine and romidepsin are highly effective in patients with PTCL: a multicenter phase 2 study. *Blood*. 2021;137(16):2161-2170.

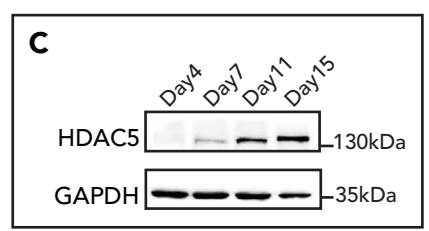

In the graph in Figure 1A (page 2166) and panel A of the visual abstract, 3 colors rather than 2 were used for the bars because of an error in standardizing the image to *Blood* style. The corrected graph is shown below. The publisher apologizes for the error, which has been corrected in the online version of the article.

Wang Y, Li W, Schulz VP, et al. Impairment of human terminal erythroid differentiation by histone deacetylase 5 deficiency. *Blood*. 2021;138(17):1615-1627.

Page 1617, Figure 1C: The labels HDAC5 and GAPDH were reversed due to an error in the publication process. The upper western blot should be labeled HDAC5, and the lower blot should be labeled GAPDH. The corrected Figure 1C is shown below.

The publisher apologizes for the error, which has been corrected in the online version of the article.
