

Nakajima R, Moskowitz AJ, Michaud L, et al. Baseline FDG-PET/CT detects bone marrow involvement in follicular lymphoma and provides relevant prognostic information. *Blood Adv.* 2020;4(8):1812-1823.

In the last row of Table 5 on page 1817, “26*” should read “26†.” The error has been corrected in the published article.
