

Wu Y-J, Hou M, Liu H-X, et al; Cooperative ITP Working Group. A risk score for predicting hospitalization for community-acquired pneumonia in ITP using nationally representative data. *Blood Adv.* 2020;4(22):5846-5857.

“Anti-citrullinated peptide antibody” should be deleted in the fourth line of the abstract on page 5846 and the third and fourth lines under “Establishing the scoring system” on page 5849. The publisher apologizes for the error, which has been corrected in the published article.
