

Gioacchino E, Koyunlar C, Zink J, et al. Essential role for Gata2 in modulating lineage output from hematopoietic stem cells in zebrafish. *Blood Adv.* 2021;5(13):2687-2700.

Page 2690: In Figure 1J, the y-axis label “Pixel intensity” should read “EHT events in 5 sp”. The corrected Figure 1J is shown below.

Page 2694: In Figure 4H, the bottom portion of the bar graph labeled gata2b<sup>-/-</sup> should be red, not blue. The corrected Figure 4H is shown below.

The publisher apologizes for the errors.
